

## Webstore Account Setup

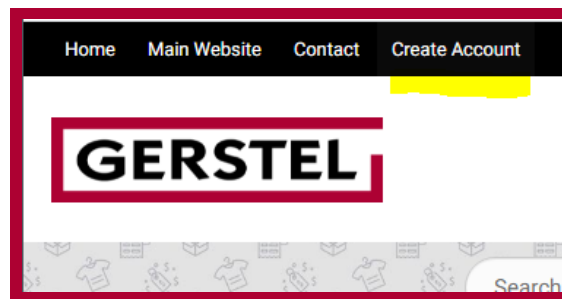

GERSTEL, Inc.

June 2021

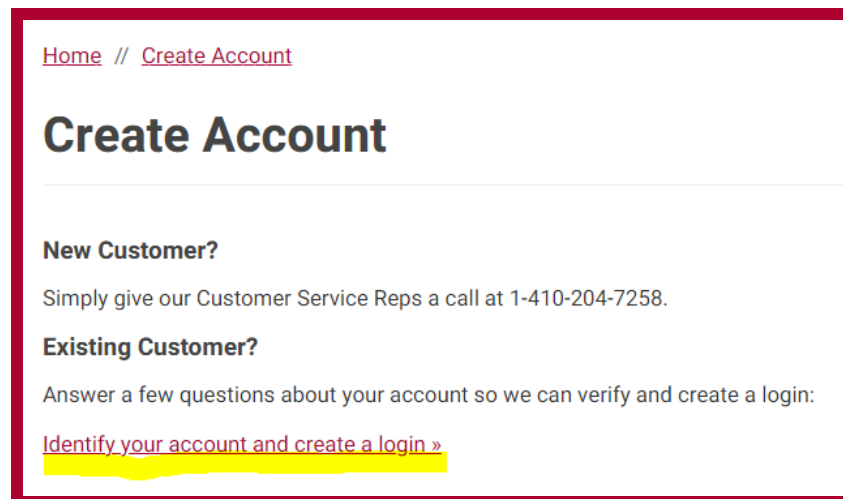

<http://www.webstore.gerstelus.com>

The site is intended for **US & Canadian** customers only. If you have ordered from us before and are an existing customer you can setup your web-store account by following these instructions. You will need your Company Account # and Billing Zip Code to accomplish this. If we have not previously shipped to you please contact Customer Service first.

You can search for part numbers without logging into an account. But if you need to see pricing information and wish to place orders you will need to **Create Account** located on the black Menu Bar toward the left.

Next select **Identify your account and create a login** located under **Existing Customer?**

Next, you'll need to **Verify Your Billing Account Information**. Complete the Account # and the Billing Zip Code, enter the Security Code. Hit **Proceed**

**Verify Your Billing Account Information**

This allows existing customers to create new logins on the website by providing account-specific information for us to verify and match you to an account. If you are not currently a customer, please contact us to create an account.

Account # \*

Billing ZIP/Postal Code \*

Security Code \*   Please help us prevent automated spam submissions.  
Enter the numbers you see in the image.

Next, **Create Login** and complete the required fields then **Create Login**.
